

REAL TESTIMONIALS:

Hi Jim,

I wanted to take a second to let you know what a great experience I had working with Dan Standiford this past month.

I came in with a digital file to be printed on a large canvas, and Dan was helpful and a true professional every step of the way. He walked me through the process, went above and beyond his duties matching the accuracy of color between digital and file and the original, and took over the entire project to assure that I was pleased with the final result.

I would imagine that you already know what a great man you have working on your team, but I couldn't help send a pat on the back your way.

Best,

Sandra Sanchez

Jim, you guys really outdid yourselves.
Everything looks gorgeous and I'm astonished how quickly you all were able to turn it around. Thank you so very much!

P.S. I've been working on this exhibit with Don Williamson from the Getty Research Institute's Photo department (aka "Visual Media Services" dept.)--he too has been *really* impressed with the quality of Colortek's work.

Hey Jim,
These loook GREAT! The netflix tickets. Exactly it!! YAY

And I need to tell you the signage for the 7 eleven stuff looked amazing. I love working with good people.
MY client loved the stands for the 2 way boards they look fantastic!!

I love you guys.. Your kicking butt:)
Thanks Renee

Dear Jim,

I want to thank you once again for your quick attention to the wall mural just installed at Bamboo Colony. Your professionalism and courtesy is greatly appreciated, both by me and by my client. Obviously I hope we will be doing a great deal of business together in the coming years and it is a good feeling to know that I am working with a firm as reliable and conscientious as yours.

All my thanks,

Will Utay

Hi Ashley,

I just received the posters and they are beautiful!!! Thank you so much. This printing company does a much better job!

Did you also order a CD poster?

Thanks,

Lisa

Hi Jim,

I want to thank you for the excellent job you did on our photos. Everyone here is thrilled with the way the images look including George Minardos, who is very discerning. I was pleased with the product, but even more so with your service. It was a pleasure working with you and I appreciate the steps you took to get the images right. We will continue to use you as we photograph more projects.

Attached are some pictures from our Party last night that show the images in the background. They are mounted in two aluminum channels.
